MATH 143 001 Web-Site Quiz – 8/22/05 – Name: ______________________

The assignments and syllabus will be at links from the webpage:

http://math.boisestate.edu/~kerr

Where it says Course Webpages, click on MATH 143 in the fall-2005 line. This will bring you to the Assignment Page where assignments and announcements will appear. You’ll resort to this page constantly and frequently.

Find the course web pages and answer the following:

1. Your major: ______________________

2. The dates for Tests #1 and #3: ______________________

3. When is the last day to drop a class? ______________________

4. Where is the instructor’s office. ______________________

5. How many extra-credit points will a student get if he phones the instructor to point out that there’s an incorrectly terminated sentence above? ______

6. What appears to be the class agenda for the Friday before Thanksgiving? ______________________

7. A 20-by-30-ft nylon flag has been run up an 80-ft flag pole. At a moment when the winds are calm, how far is the lowest part of the flag from the ground?
8  Suppose a student earned these scaled percentages on homework and exams:

<table>
<thead>
<tr>
<th>Home Work</th>
<th>Test #1</th>
<th>Test #2</th>
<th>Test #3</th>
<th>Final Exam</th>
</tr>
</thead>
<tbody>
<tr>
<td>50</td>
<td>75</td>
<td>73</td>
<td>70</td>
<td>98</td>
</tr>
</tbody>
</table>

This student’s final letter grade will be ____.

9  Suppose the student in problem 8 earned a 61% scaled percentage on the final. In that case the student’s final letter grade will be ____.
