These are alleged answers. For each error herein, you get extra-credit points for being the first to report it by e-mail.

1. Give Test dates
   #1: 9/26/07
   #2: 10/24/07
   #3: 11/28/07

2. When is the last day to drop a class? 10/5/07

3. When is the final exam?
   Day: Wednesday
   Date: 12/19/07
   Hours: 10:30 AM - 12:30 PM

4. Where is the instructor’s office?
   MG 214 C

5. Check at least 3 times/week

6. Bombeck’s overall average will be: 79.2%
   Bombeck’s final letter grade will be: C.

---

PTO - more on the other side

Keep \( W = 5x^2 - 3x + 7 \) and let \( Y = 3 + 8x - 3x^2 \).

7. (a) \( Y \bigg|_{x=0} = 3 \)

   (b) \( W \bigg|_{x=-3} = 61 \)

   (c) \( W \bigg|_{x=(a-2)} = 5a^2 - 23a + 33 \)

8. (a) \( Y \bigg|_{x=5} = -32 \)

   (b) \( Y \bigg|_{x=(a-2)} = 24a - 32 \)

   (c) \( Y \bigg|_{x=(3t+1)} = -36t + 16 \)
