The assignments and syllabus will be at links from the webpage:

http://math.boisestate.edu/~kerr

Where it says Course Webpages, click on MATH 301 in the spring-2006 line. This will bring you to the Assignment Page where assignments and announcements will appear. You’ll resort to this page constantly and frequently.

Find the course web pages and answer the following:

1 Your major: _______________________

2 Please check off the classes you’ve done from the following list:

(a) MATH 175 ___  (c) MATH 275 ___

(b) MATH 187 ___  (d) MATH 333 ___

3 The dates for Tests #1 and #2: _______________________

4 When is the last day to drop a class? _________________

5 Where is the instructor’s office. ______________________

6 How many extra-credit points will a student get if he phones the instructor to point out that there’s an incorrectly terminated sentence above? _______

7 A 22-by-37-ft nylon flag has been run up an 80-ft flag pole. At a moment when the winds are calm, how far is the lowest part of the flag from the ground? _______
8 The crossing point of the lines $3x - 2y = 7$ and $5x + 4y = 8$ is ______

9 The following refers to the page linked to the button marked Grading Scheme at the top of the assignment page. Suppose a student earned these scaled scores on homework and exams:

<table>
<thead>
<tr>
<th>Home Work</th>
<th>Test #1</th>
<th>Test #2</th>
<th>Test #3</th>
<th>Final Exam</th>
</tr>
</thead>
<tbody>
<tr>
<td>76</td>
<td>82</td>
<td>75</td>
<td>73</td>
<td>83</td>
</tr>
</tbody>
</table>

(a) This student’s weighted final average will be ____.

(b) This student’s final letter grade: ____
