Dear Professors Babinkostova and Scheepers,

The *Real Analysis Exchange* has entered into an agreement with the Michigan State University Press, by which they will be responsible for printing, binding and mailing all subsequent issues of the journal. As part of that agreement, they have insisted that all authors and co-authors sign the enclosed copyright agreement. Let me assure you that the agreement in no way restricts your right to distribute your manuscript in any fashion. The purpose is to protect you and us from unauthorized reproduction of your original research work.

Sincerely,
